

THE INDEPENDENT ADVANTAGE.

December 18, 2017 – Roseville, MN

[Ratner Steel Supply Company](#) is pleased to announce it has entered into an agreement to purchase a 5/8" X 76" stretch leveler. The line will be delivered to Ratner's Osceola, Arkansas facility in the fourth quarter of 2018.

Mark Ratner, owner and CEO, stated, "We are very excited with this new opportunity. Our belief is that this region of the country has significant potential for a flat rolled company such as Ratner Steel. The equipment we purchased will be the preeminent cut-to-length line in the region. It will allow us to provide customers with a quality piece of steel at a competitive price."

Ratner Steel currently has three stretch levelers in its Indiana and Minnesota locations. The company currently processes over 400,000 tons annually of carbon steel. Ratner services a diverse customer base including metal service centers, fabricators and OEMs.

Ratner Steel Supply has been a **North American Steel Alliance** member/owner company since 2002.
