TURN  
TO  
LEAD**

## TRANSVIEW LOGISTICS REBRANDS AS HEADLIGHT SOLUTIONS

**September 23rd, 2021 – Boise, ID** Transview Logistics, developers of the cutting-edge transportation management system Glass TMS, is adopting a new name: Headlight Solutions. Glass TMS will be rebranded as Headlight.

Built upon a foundation of artificial intelligence, Headlight is a comprehensive logistics solution developed specifically for heavy industry users in verticals ranging from metals to commodities, chemicals, and oil and gas. Streamlining the process that begins at order entry and ends at the point of delivery, Headlight transforms logistics execution resulting in reliable and measurable procedures, reduced stress, cost savings, and improved customer satisfaction.

“At Headlight Solutions, we help innovative leaders at good companies maintain positive momentum within their organizations, cleaning up their logistics processes and helping them gain a competitive edge in the marketplace,” says president and founding partner Mike Bjerke. “When you work with Headlight, it’s your turn to lead.”

Headlight Solutions has been a NASA Member Operational Supplier since 2019.
